Company Profile

Praxair, Inc. is the largest industrial gases company in North and South America, and one of the largest worldwide, with 2008 sales of \$10.8 billion. The company produces, sells and distributes atmospheric, process and specialty gases, and high-performance surface coatings. Praxair Canada Inc. has proudly served Alberta's Industrial Heartland for over 30 years.

The Fort Saskatchewan personnel oversee our Heartland hydrogen pipeline network (spanning over 60 km), two large air separation units, carbon dioxide purification facilities, and oxygen and nitrogen pipelines.
